Date: Sunday 23 May 2021

**BSUs Charge Estimate:** £4.72/MWh
**Total Outturn:** £5.23m

---

**Commentary**
A short market up to the early hours of the morning, and from mid afternoon onwards into the night. Some overnight Trades and BM Action for Voltage Control in the Greater London, Midlands and Wales areas. Trades and BM Action during the day and overnight for RoCoF, BM Action alleviated thermal export constraints in the North during the afternoon.
